2026 SPRING PRE-ACADEMY PROGRAM
AGE 6-10 (BIRTH YEARS 2015-2020)

PLAYER OFFER PACKET

The Pre-Academy is a developmental soccer program for boys and girls ages 6-10 (birth years 2016-2020). It serves as a fun, skill-building bridge between recreational soccer and full competitive Academy teams.

Players train once per week with professional coaches and play in-house games, all within the club—no tournaments or travel required. The focus is on building fundamental skills, confidence, and teamwork in a supportive, community-oriented environment that keeps soccer exciting and low-pressure.

Ideal For

The Pre-Academy program is perfect for young players and families who:

- Are newer to club soccer and ready for more structure and coaching than basic recreational leagues.
- Have enjoyed recreational teams but aren't yet ready for the travel and intensity of full Academy programs.
- Want a balanced approach – professional training and development in soccer without the heavy time or financial commitment of a competitive travel team.

Why Pre-Academy

We created this program to make soccer accessible, exciting, and developmental – without the intensity or cost of Academy programs. It's a stepping stone for players to grow while loving the game.
